OUR HERITAGE

A tradition of pride

Saint John Bosco — known as Don Bosco — was an Italian Catholic priest, educator and writer of the 19th century who dedicated his life to the education of young people. He was born on 16 August 1815 into a peasant family in Becchi, near Turin, Italy.

His father died when John was two, and his mother Margaret raised three boys on her own. To complete his education John worked on the family farm, studied in his spare time, and took on every kind of job — servant, tutor, apprentice — to pay his way. He was ordained a priest on 5 June 1841 and became known as Don Bosco, "Father Bosco".

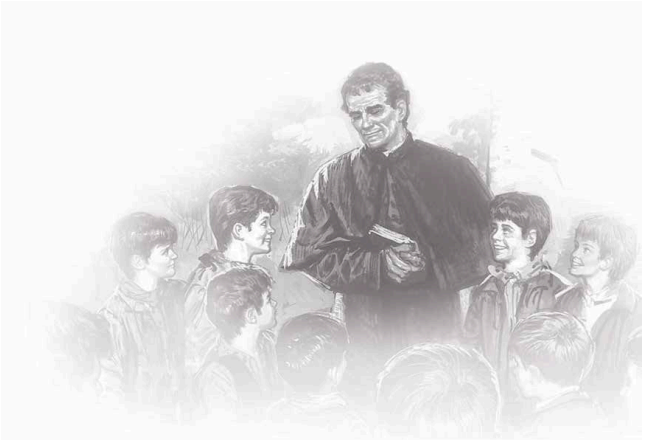

He saw every young person as capable of goodness and greatness. Friendship was the key to his success: he educated through care, trust and joy, and his followers continue that work across the world more than a century after his death.

THE PREVENTIVE SYSTEM

Don Bosco's method of education rests on **Reason, Religion and Kindness** — guiding young people not by fear or compulsion, but by persuasion, love and selfless service.

"It is not enough to love the young; they must know that they are loved."

THE PREVENTIVE SYSTEM IN PRACTICE

Reason

Guiding young people through understanding and persuasion, never fear or compulsion.

Religion

Faith and values that shape character, conscience and service to others.

Kindness

Care, trust and joy, so that every child knows they are loved.

WHAT GUIDES US

Our vision & mission

Our vision

Every Bosconian will imbibe the values of St. John Bosco. The school provides the best opportunities to succeed through the combined strength of individual will-power, unshakeable integrity and self-belief, with exposure to an environment that encourages holistic learning and personality development.

Bosconians, whatever their circumstances, are encouraged to develop a philanthropic nature and to support humanity without barriers of caste, creed or nationality.

Growth and discipline are inseparable. We aim to provide a learning environment where every child achieves education through a comprehensive curriculum rooted in Indian tradition, culture and values.

Our mission

We are committed to preparing each Bosconian as an independent and confident individual, capable of meeting the challenges of tomorrow — nurturing responsible citizens who care for nature, the environment, the world and the well-being of their fellow human beings.

We ensure the facilities, guidance and care that build clear thinking, strong character and a resolute will — so every student can walk the path of excellence they choose.

- Reason, kindness and discipline in every classroom
- Rooted in Indian values, ready for the world
- Every child known, valued and encouraged

MESSAGES FROM OUR LEADERSHIP

Chairman's message

Ashok Kumar Agarwal

Chairman, Don Bosco School, Kharagpur

RECOGNISED

National Chairman's Award, Swami Vivekananda National Awards, Kolkata, 2024.

Warmest greetings to all!

Our school is not just a place of learning; it is a vibrant community where ideas are nurtured, talents are discovered and dreams take flight. The pillars of Don Bosco School, Kharagpur are strong, cemented by the wisdom of luminaries from many fields — the 'gems' who guide us in shaping the future of your little ones.

As the way school education is shaped continues to change, we too create critical and creative thinkers, groomed to navigate and achieve the ever-evolving parameters of education.

Our firm belief is that by providing our students with a tradition that combines technology and care, we will gift society true citizens of the future.

Parents are the first teachers of a child, and their influence in shaping a child's future cannot be ignored. As we welcome new students to our school, we request your kind co-operation in all our efforts to nurture your child. Together, we can guide your child towards a brighter tomorrow.

> *"Parents are the first teachers of a child. Together, we can guide your child towards a brighter tomorrow.*

PRINCIPAL'S MESSAGE

Dr. Priyam Shukla

Principal, Don Bosco School, Kharagpur

"Education is not merely the acquisition of knowledge; it is the formation of character, the awakening of potential, and the preparation for a life of purpose."

Ph.D., IGNOU | 20+ years in CBSE schools | Former Principal, DPS Leh | CBSE-certified trainer (ToT)

Welcome to Don Bosco School, Kharagpur.

It is my privilege to welcome you to an institution where academic excellence is seamlessly blended with the timeless values of integrity, compassion, discipline and service. Inspired by the vision of St. John Bosco, we strive to create a nurturing and inclusive learning environment where every child is valued, respected and empowered to realise their fullest potential.

We firmly believe that education must be inclusive, ensuring that every learner—irrespective of background, ability or individual differences—receives equal opportunities to learn, grow and succeed. Our classrooms are places where every voice matters and every learner feels a sense of belonging.

While academic excellence remains our cornerstone, true education extends beyond textbooks. Through value-based education we instil honesty, responsibility, resilience, compassion and respect for others, and cultivate patriotism, respect for our Constitution and pride in India's rich cultural heritage — preparing global citizens who remain firmly rooted in their own.

In a rapidly changing world, we equip learners with critical thinking, creativity, adaptability and emotional intelligence. A balanced curriculum complemented by sports, arts, cultural activities, leadership opportunities and community service ensures the holistic development of every student. We encourage our learners to dream with confidence, lead with humility and serve with compassion.

The strength of Don Bosco School lies in the collaborative partnership among students, parents, teachers, alumni and the wider community. When home and school work in harmony, children flourish academically, socially, emotionally and morally.

Let us continue this noble journey together, guided by faith, wisdom and service, as we shape young minds that are intellectually competent, morally upright, socially responsible and deeply committed to the welfare of humanity and the progress of our nation.

With warm regards

Dr. Priyam Shukla
